

Surfnet™ MapPoint

Surfnet™ MapPoint is a robust professional mapping solution utilizing Microsoft's MapPoint as the platform developed for travelers and people on the go.

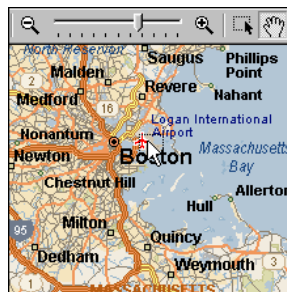

Surfnet™ MapPoint enables:

- Users to browse and view detailed maps and directions
- Users to print and email maps and directions
- Users to find and locate nearby places (i.e. restaurants, hotels, landmarks, etc.)
- Users to plan cross-country trips
- Anyone to obtain and record detailed directions to a destination point
- Kiosk operators to enhance their ROI by selling powerful map-based advertising

Minimum Requirements:

- Celeron 800 or greater
- Windows 2000
- 256 MB of Ram
- MapPoint 2002
