

Sit down in front of the **Sitdown NetFlyer** and navigate the 'Net in high-tech style!'.

The space-age lines of the **Sitdown NetFlyer** lend an air of sleek excellence to any commercial or corporate environment.

As part of a company Intranet remote access solution or for Internet vending applications, the **Sitdown NetFlyer** provides friendly access for wheelchair users and facilitates any situation where a sit-down kiosk is required.

**Accessible
(ADA Compliant)**
